(Modification of Disclosed Matter) Notice of Restructuring of European Subsidiaries

In connection with the "Notice of Restructuring of European Subsidiaries" published on April 3, 2025, we have been working towards the conclusion of the transfer of a portion of the land and buildings of the Bonn plant (Germany) owned by ST Deutschland GmbH; a consolidated subsidiary, following the decision to conclude a real estate sales agreement therefor. However, there has been a change in the schedule, and we hereby announce the details as follows.

1. Reasons for and Content of the Changes

ST Deutschland GmbH has been working towards the conclusion of the transfer of real estate originally scheduled for May 2025. However, due to delays in various procedures related to the real estate transfer and a request from the notary public to confirm certain easements registered with the land register of the property in question in the final stages of the negotiations, which led to additional due diligence to be conducted by the buyer, Univers Reisen GmbH, changes have been made to the schedule previously announced.

The new expected date for the conclusion of the real estate sales agreement and the expected date of the official transfer of the real property will be determined through further discussions with the notary public and Univers Reisen GmbH, and therefore remain undecided at this time. We will notify you promptly once the details are finalized.

Please note that there will be no changes to the terms of the transaction, such as transfer price and area.

	Before change	After change
(1) Expected contract conclusion date	End of April, 2025 (scheduled)	Undecided
(2) Expected date of official transfer	End of May, 2025 (scheduled)	Undecided

2. Future Outlook

A gain on sales of fixed assets due to this transfer is expected to be recorded in the fiscal year ending May 31, 2026, therefore we have not revised our full-year consolidated earnings forecast for the fiscal year ending May 31, 2025.

We will disclose promptly if any matters requiring disclosure arise in the future.
